## **One to One Coaching**

One-to-one coaching sessions last up to 60 minutes and can be done in person or online. Coaching is a brilliant way to enhance your leadership by bringing clarity, confidence, and creative insights to what you are doing. I would love to hear from you if you wish to work through something.

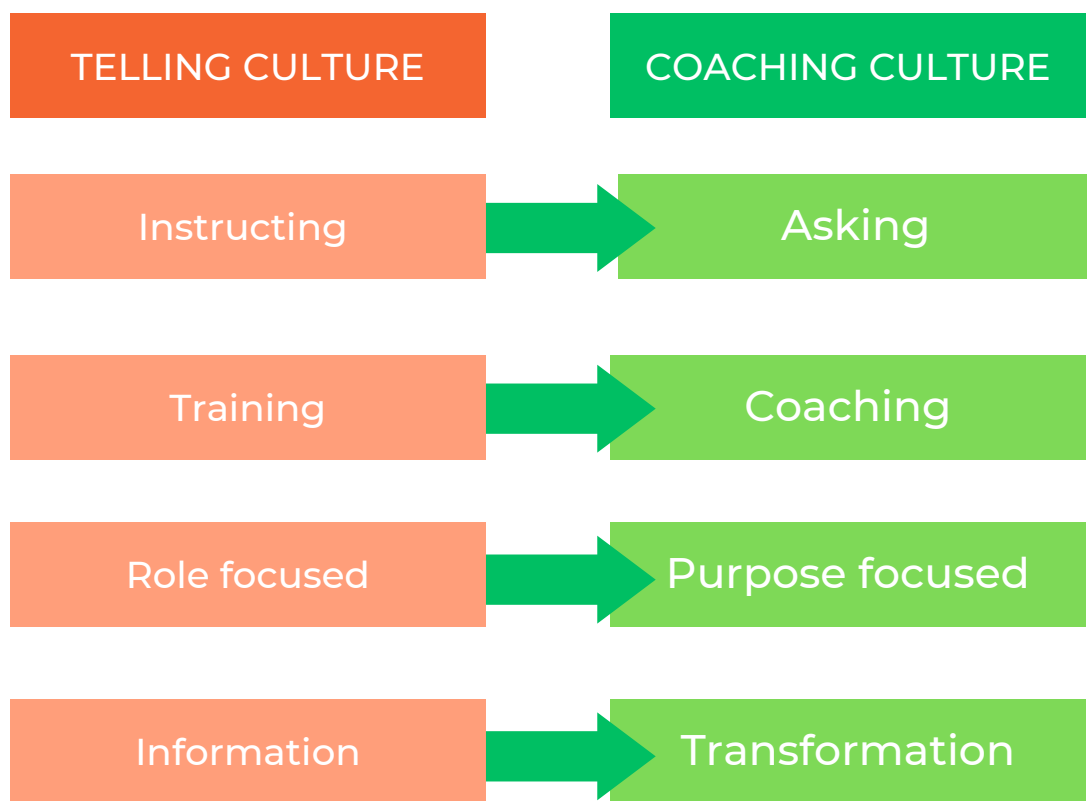

## **Team Coaching**

Team coaching is a brilliant way to help your leadership team work through big ideas related to vision, values, or other important topics. These sessions typically run for up to two hours, with as many sessions as needed to help you make the necessary progress.

# Better Conversations Course

Better Conversations is designed to help your church's leadership team develop a coaching culture. This course covers the basics of coaching and provides lots of practice so you can effectively coach your staff, leaders, and volunteers.

Creating a **coaching** culture is much better for your church than a **telling** culture.

This course can be delivered in one full day of training or over four evenings via Zoom. I am happy to work with you to ensure you have the best experience possible.

Let's connect and discuss how this can be advantageous for you and your church.
